

## **Cortegra Plans Ribbon-Cutting Ceremony to Celebrate New Evansville Manufacturing Facility**

**EVANSVILLE, INDIANA** -- Cortegra Group, Inc., a leading provider of printing services for the pharmaceutical industry, plans to celebrate the completion of its new, state-of-the-art manufacturing facility located at 15220 Foundation Avenue in Evansville, Indiana with a ribbon-cutting ceremony on January 25th.

Cortegra began construction on the \$6 million, 63,000 square-foot plant in May 2007 in order to expand and update the company's current capabilities in the areas of packaging, design and printing services for labels, inserts and outserts, folding cartons, and saddle-stitched booklets.

In addition to the 3:00 p.m. ribbon-cutting ceremony, local officials and Chamber of Commerce members of Evansville will be invited to tour the new building. This ISO 9001 certified and cGMP compliant facility houses state-of-the-art printing, packaging and labeling equipment, as well as the latest scanning technologies to ensure quality control throughout the printing process.

Cortegra's Evansville facility currently has over 70 employees. In addition to its Evansville location, Cortegra also has facilities in Fairfield, New Jersey and Morrisville, North Carolina.

A subsidiary of Menasha Corporation, Cortegra, headquartered in Fairfield, New Jersey, brings single-source excellence to pharmaceutical packaging materials. With more than six decades of printing experience solely for the pharmaceutical industry, the company has become one of the recognized leaders in providing packaging and labeling services to the pharmaceutical industry. In addition to anti-counterfeiting solutions, Cortegra products include labels, inserts and outserts, flexible packaging and folding cartons.

For more information, contact Cortegra by phone at (973) 808-8000, by fax at (973) 808-8010, or by visiting [www.cortegra.com](http://www.cortegra.com).
